Statement of Intent

As the world becomes more digitally connected, the use of ICT is an ever-increasing part of daily life in our trust, and its power is immense. If used incorrectly, it has unintended consequences. This policy seeks to ensure all stakeholders trust-wide use ICT responsibly and with due care and attention.

4 | Staff

4.1 Where this policy refers to staff, this refers to governors, volunteers, and contractors in addition to employees of our Trust.

4.2 The academy ICT support team manages access to the ICT facilities and materials for staff. That includes, but is not limited to:

- Computers, tablets, and other devices
- Access permissions for certain programs or files.

4.3 Staff will be provided with unique log-in/account information and passwords that they must use when accessing the ICT facilities.

- 4.4 Staff who have access to files they are not authorised to view or edit, or who need their access permissions updated or changed, should contact the ICT support team by creating a support ticket via the ICT helpdesk system - <https://helpdesk.academytransformationtrust.co.uk>.
- 4.5 The Trust provides each member of staff with an email address. This email account should be used for work purposes only. Work email may be accessed on a personal device providing security mechanism is in place on the device (PIN number, passwords, facial recognition, fingerprint etc.)
- 4.6 Staff should be extra vigilant when opening emails/clicking on links as they could be phishing emails or contain viruses.
- 4.7 All work-related business should be conducted using the email address the Trust has provided.
- 4.8 Staff must not share their personal email addresses with parents and pupils and must not send any work-related materials using their personal email account.
- 4.9 Staff must take care with the content of all email messages, as incorrect or improper statements can give rise to claims for discrimination, harassment, defamation, breach of confidentiality or breach of contract.
- 4.10 Email and other digital communication messages are required to be disclosed in legal proceedings or in response to requests from individuals under the *Data Protection Act (2018)* (GDPR) in the same way as paper documents. Deletion from a user's inbox does not mean that an email cannot be recovered for the purposes of disclosure. All email messages should be treated as potentially retrievable.
- 4.11 Staff must take extra care when sending sensitive or confidential information by email. Rather than sending attachments it is safer to store the file in a central location such as SharePoint or OneDrive and then securely share the file with the intended recipients. If this is not possible, you should consider encrypting the email and its attachments if this contains sensitive or confidential information to ensure this is only accessible by the intended recipient.
- 4.12 If staff receive an email in error, the sender should be informed, and the email deleted. If the email contains sensitive or confidential information, the user must not make use of that information or disclose that information.
- 4.13 If academy staff send an email in error which contains the personal information of another person, they must inform the academy Data Protection Lead immediately (who will inform the Data Protection Officer and follow our *Data Breach Procedure*. Other staff should inform the Data Protection Officer immediately.

The ICT support team or Principal may withdraw permission for it at any time or restrict access at their discretion. Personal use is permitted if it:
- Does not take place during contact time/teaching hours/non-break time
 - Does not constitute ‘unacceptable use’, as defined in [Section 3](#)

Where parents are granted access in this way, they must abide by this policy as it applies to staff.
- 6.3 We believe it is important to model for pupils, and help them learn, how to communicate respectfully with, and about, others online. Parents play a vital role in helping model this

behaviour for their children, especially when communicating with an academy through our website and social media channels.

- 7.10 In the event of theft, loss or damage staff must contact the ICT support team immediately.

- 7.11 Training and systems are put in place to minimise the risk of cyber security risks, phishing, or other email scams.
- 7.12 All users of our Trust ICT facilities should set strong passwords for their accounts and keep these passwords secure. Apart from early years and key stage 1, will have account passwords set. Users are responsible for the security of their passwords and accounts, and for setting permissions for accounts and files they control.
- 7.13 Members of staff or pupils who disclose account or password information may face disciplinary action. Parents or volunteers who disclose account or password information may have their access rights revoked.
- 7.14 All our Trust ICT devices that support software updates, security updates, anti-virus and monitoring products will be configured to perform such updates regularly or automatically.
- 7.15 Users must not circumvent or make any attempt to circumvent the administrative, physical, and technical safeguards we implement and maintain to protect personal data and the ICT facilities.

- 7.21 Our Trust ensures that its devices and systems have an appropriate level of encryption.
- 7.22 Trust staff may only use personal devices (including computers and USB drives) to access data, work remotely, or take personal data (such as pupil information) off-site if they have been specifically authorised to do so by the senior leadership team.
- 7.23 Use of such personal devices will only be authorised if the devices have appropriate levels of anti-virus software, security, and encryption, as defined by the ICT support team.

8 | Internet Access

The academy may have separate Wi-Fi/wireless networks such as ATT WIFI, Domain (academy devices connected to the network), BYOD (bring your own device) and Guest network. Details about the networks available and how to access is available from the ICT support team.
- 8.2 Pupils will only be able to use the Wi-Fi/wireless networks that have already been setup for the domain devices (academy devices connected to the network) unless a BYOD network is available.
- 8.3 Parents and visitors to the academy will not be permitted to use the Wi-Fi/wireless networks unless specific authorisation is granted by the Principal, ICT support team, or there is a Guest network available. Authorisation will only be granted if:
- Parents are working with the academy in an official capacity (e.g., as a volunteer or as a member of the PTA)

- 8.4 Staff must not give the Wi-Fi password to anyone who is not authorised to have it. Doing so could result in disciplinary action.

- 9.1 Social media sites have become important learning, communication, and marketing tools as they allow users (individual, academy, or Trust) to interact and raise their profile with a wide cross section of other users. *Social networking* is defined as sharing your interests and thoughts in an online forum with like-minded individuals. *Social media* is the means by which this is completed.
- 9.2 Our Trust and academies have an official social media page(s). Staff members who have not been authorised to manage, or post to, the account, must not access, or attempt to access the account.

This may also include the use of dating websites where employees could encounter pupils either with their own profile or acting covertly.
- 9.15 Staff members must not have any contact with pupils’ family members through personal social media if that contact is likely to constitute a conflict of interest or call into question their objectivity.

- 9.16 If staff members wish to communicate with pupils through social media sites or to enable pupils to keep in touch with one another, they can only do so with the approval of our Trust (where applicable) and through official sites created.
- 9.17 Staff members must not allow anyone they can identify as a pupil to follow them or accept friend requests.
